Dear Principal Li,

On behalf of SMKMCF Ma Ko Pan Memorial College, I would like to express my sincere gratitude for your School's earnest contribution in the area of education and congratulate on the success of your graduates at our School.

Throughout the years, with the decent and harmonious school ethos, your School doubtlessly has won the wide recognition in the community. It has been our great honor to provide secondary education to your graduates who are courteous and well-nurtured by you and your colleagues. We are also grateful for your continuous trust and support enabling our School to develop years by years in the education reforms. We hope we could inherit your aspiration and successively provide excellent quality education to your graduates in the future.

Since the establishment in 1997, our School has persevered with Christian education and emphasized the whole-person development of students. Regarding students as our children or siblings, we are diligent in fostering their spiritual, ethical, intellectual, physical, social skills and aesthetic developments. From the experience of learning and teaching over years, the percentages of students being admitted to Universities and their results in HKALE in the previous years as well as the results in the HKDSE last two years were beyond satisfaction. The encouraging performance was creditable to the diligence of students and the assiduousness of teachers.

I am pleased to enclose a list of graduates of your School who were admitted to Universities during the past four years. These students indeed had been doing great at our School and are outstanding. Their success would not be achieved without the firm foundation that your School has provided throughout the six-year primary education. I, hereby, would like to show our high appreciation for the endeavors of you and your colleagues. I am looking forward to collaborating with you and your School in the near future.

Yours sincerely,

Mr. Yip Chi Sio
Principal
